

Texas A&M University

AN EXECUTIVE ORDER

Repealing The Texas Student Association Charter Executive Agreement

WHEREAS (1), During the 61st Session of the Student Senate, the Student Body President entered into an agreement with the Texas Student Association that was duly ratified by the Senate.

WHEREAS (2), In Article II Section III Subsection (h) of the Texas A&M University Student Government Association Constitution, authority is exclusively granted to the Student Body President to repeal such agreements:

(h) Entering into agreements with entities outside the Student Government Association subject to ratification by a two-thirds (2/3) vote of the Student Senate membership present and voting at an announced meeting. Such agreements shall have the same effect and legal status under this Constitution as a statute passed by the Student Senate and signed by the Student Body President, but such agreements shall not contradict or alter any provision of this Constitution. All agreements shall be codified into the Student Government Association Code **until they are repealed by the Student Body President or expire.**

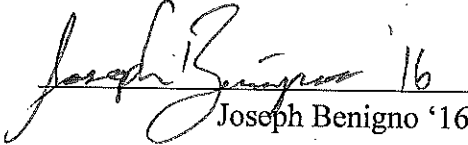

WHEREAS (3), Like the Senate, the Executive Branch has a vested interest in maintaining a Student Government Association Code that contains the smallest amount of extraneous information possible.

WHEREAS (4), Discontinuing a relationship with a virtually non-existent organization is not controversial and will remove impossibilities required by the Texas A&M University Student Government Association in the agreement.

JB

THEREFORE it is ORDERED (1), On this day, October 26, 2015, The Texas A&M University Student Government Association shall formally end its relationship with the Texas Student Association by repealing the agreement made between the two entities via charter.

THEREFORE it is ORDERED (2), Similarly, it is requested that Rules and Regulations Chair Carlos Sonka remove Title VI, Chapter 001 from the Texas A&M Student Government Association Code.

Joseph Benigno '16
Student Body President
