

Rules and Regulations Chair Cameron Rozean,

I, Off-Campus Student Senator Aubre Dean, and the attached Student Senators, do hereby file articles of impeachment against Student Senator Nick Page from the Engineering Caucus. This impeachment is in direct relation to the messages that were presented from the "Sharps Army" GroupMe in open forum of the October 5th, 2016 general Senate meeting and outside harmful and derogatory conversations that have made women in Senate feel uncomfortable and isolated from our Student Senate Body.

Since then, Nick Page, has gone on record with the Battalion saying, "Politics is a game. As you can see by our national election, there are typically two sides. In this game, I lost. The day I was appointing a subcommittee on sexual assault, pictures were touted to paint me in a horrific light, providing only 'proof' no judge [or] jury would allow." This statement sends a clear message that Nick views the integrity of the office he holds in senate as a game. Contrary to this statement, the sole purpose of Student Senate is to represent students to the best of our abilities. Sexual assault is **not** a game, and jokes and comments regarding it **are never** funny. Comparing to and depicting women as pigs and other perverted ideas that were presented in the GroupMe represent and perpetuate a rape culture that has no place in Student Senate, the Student Government Association, or Texas A&M University.

Excellence, integrity, leadership, loyalty, respect, and selfless service are values and standards that students on this campus are supposed to uphold. We firmly believe that Nick Page has dishonored the office of Student Senator and hereby deserves to be held fully accountable for both the GroupMe messages and personal conversations he has had. The student body deserves better representation and action from Student Senate; let this be our message that enough is enough. We believe it is time for Student Senate to hold ourselves as accountable as we hold others. Let us start a dialogue of change, not just because we are Aggies, but because we are Aggie leaders.

For these reasons, I recognize that the aforementioned Senator cannot perform his duties and uphold the honor of his office. I, Aubre Dean, and the Senators attached, do call for the impeachment and removal of Nick Page from Student Senate. It is with this notion that I file these articles of impeachment against Nick Page for the toxic culture he has perpetuated and disenfranchising the Aggie Core Values.

Senator Aubre Dean '16, Off-Campus Caucus
