

Rules and Regulations Chair Cameron Rozean,

I, Off-Campus Student Senator Aubre Dean, and the attached Student Senators, do hereby file articles of impeachment against Student Senator Taylor Baumann from the Off-Campus Caucus. This impeachment is in direct relation to the messages that were presented from the "Sharps Army" GroupMe in open forum of the October 5th, 2016 general Senate meeting. Since that meeting Senator Baumann has admitted and confirmed that he had sent the following messages-

"Careful. You might accidentally rape her. You never know"
"or at least when it would be convent [sic.] for her"

These messages are not only a direct violation of the Aggie Core Values, but also a standard of respect that should be required of those in Senate. As the longest serving Senator I feel like I have a moral obligation to speak up and say that this type of behavior is wrong, and dishonors the office of Student Senator and thus call for the removal of Senator Baumann.

It is my opinion that the reputation of the Student Government Association and Student Senate has been harmed by the choices this Senator has made. I do not believe that this Senator has acted in line with the oath he gave when he took office to- "faithfully execute to the best of [his] ability the duties of the office of [Student Senator] for the Texas A&M University Student Government Association; to uphold the honor of the same; at all times to protect the welfare of the student body; and to promote good relations between the students and those concerned with the University". The student body deserves better representation and action from Student Senate; let this be our message that enough is enough.

For these reasons, I recognize that the aforementioned Senator cannot perform his duties and uphold the honor of his office. I, Aubre Dean, and the Senators attached, do call for the impeachment and removal of Taylor Baumann from Student Senate. It is with this notion that I file these articles of impeachment against Senator Baumann for his lack of moral judgment and disenfranchisement of the Aggie Core Values and dishonor he has brought to his office.

Senator Aubre Dean '16, Off-Campus Caucus
Texas A&M University Student Senate
